

Do a quick skills analysis

Success Principle: Right Team

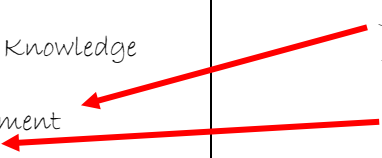

Group activity

1. On a large sheet of paper or whiteboard list skills required down the left-hand column
2. List your project team members down the right-hand column

Skills Required	Team
Science skills e.g. modelling	Tom
Broker	Jerry
Farm Systems Knowledge	Joan
Bridge builder	Hone
Project Management	Barb
Translator	
Funding Knowledge	
Maori agribusiness governance	

3. Draw arrows between the two columns where skills and people match

Skills Required	Team
Science skills e.g. modelling	Tom
Broker	Jerry
Farm Systems Knowledge	Joan
Bridge builder	Hone
Project Management	Barb
Translator	
Funding Knowledge	
Maori agribusiness governance	

4. Ask the group:
 - a. Are we covered? Are there any gaps we need to fill?
 - b. Are we making the most of our existing skill set?
 - c. Are there any new skills we will need to add as the project progresses e.g. at the implementation/adoption end.

Resources required: Large sheet of paper or whiteboard, pens.

Time required: 10-15 mins.
