

Needs and Provides Matrix

This has been adapted for the Integration Community of Practice from the ‘Give and Take Matrix’. See the I2S blog post for more information about this matrix and how it can be used: <https://i2insights.org/2021/08/10/give-and-take-matrix/> as well as the original source of the matrix https://naturalsciences.ch/co-producing-knowledge-explained/methods/td-net_toolbox/give_and_take_matrix.

Table 1 – *Interactions between multiple sub-projects*

This matrix covers interactions between multiple sub-projects or can be used for research that involves interactions between multiple larger projects.

	From/to Sub-project 1	From/to Sub-project 2	From/to Sub-project 3	From/to Sub-project 4
Sub-project 1 Needs				
Sub-project 1 Provides				
Sub-project 2 Needs				
Sub-project 2 Provides				
Sub-project 3 Needs				
Sub-project 3 Provides				
Sub-project 4 Needs				
Sub-project 4 Provides				

Table 2 – Needs

Table to draw out what multiple sub-projects (or projects) need from each other. Question that can be asked: “What do you need or expect from the other sub-projects/projects?”

	From Sub-project 1	From Sub-project 2	From to Sub-project 3	From Sub-project 4
Sub-project 1 Needs				
Sub-project 2 Needs				
Sub-project 3 Needs				
Sub-project 4 Needs				

Table 3 – Provides

Table to draw out what multiple sub-projects (or projects) are providing to each other. Question that can be asked: “What are you wanting or expecting to provide to the other sub-projects/projects?”

	To Sub-project 1	To Sub-project 2	To Sub-project 3	To Sub-project 4
Sub-project 1 Provides				
Sub-project 2 Provides				
Sub-project 3 Provides				
Sub-project 4 Provides
